SUMMER DANCE CLASS LEVELS

AGES 9+

Our summer class levels are designed to place dancers in the environment where they will be most successful and continue to grow. Placement is based on a dancer's current technical ability, training experience, body awareness, application of corrections, and readiness for the material being taught - not solely age or years of dance experience.

LEVEL 1

BEGINNER / INTERMEDIATE 1

For dancers who are building and strengthening basic and foundational skills.

- Are newer to dance OR have limited formal training
- Are continuing to develop coordination, balance, flexibility, strength, and body awareness
- Benefit from additional guidance and reinforcement of fundamental skills & concepts
- Are working on consistently applying corrections and understanding how their body moves in space

LEVEL 2

- Have several years of dance experience
- Demonstrate a solid understanding of basic technique & terminology
- Consistently apply corrections and show growing body awareness

- Consistently retain and apply corrections
- Can execute more complex turns, jumps & movement combinations
- Learn choreography quickly and perform with confidence & artistry

LEVEL 4

- Have many years of focused dance training
- Demonstrate strong technique, strength, flexibility, control & artistry
- Consistently apply corrections and take ownership of their growth
- Execute advanced skills with confidence & proper technique
- Thrive in a fast-paced, challenging learning environment

PLACEMENT REMINDERS

- Our goal is always to place dancers where they will be challenged, supported, and set up for success!
- A dancer's placement is not determined solely by age or number of years they have danced.
- If you register for a class and we feel a different level would better serve your dancer, we will reach out to discuss proper placement.
- Please Note: A dancer's level may differ between dance styles. For example, a dancer may be placed in Level 2 Ballet but Level 1 Jazz. This is completely normal. Each style emphasizes different technical skills, and dancers often progress at different rates. Some styles also have more level divisions than others. Placements are made individually to ensure each dancer is challenged appropriately while continuing to build confidence and strong technical foundations.
- **If you are unsure which level is best for your dancer, please email us** at illuminationdancede@gmail.com and we will get back to you!
